

Chester

Chester

Chester sparkles with a magical heritage all year round and is the perfect place for a revitalising break at any time. The city is awash with history with many of its buildings carefully restored to retain their historical heritage. The city boasts a complete circuit of walls, sections of which date back to Roman times, as well as a Norman Cathedral. The famous Rows, unique two-tiered galleries built in the traditional black and white 'maggie' style, contain a wide range of shops selling goods from antiques to high fashion. In fact the city is one of the top retail centers in the UK, boasting large branches of national stores and attractive shopping malls.

OUR INCLUDED EXCURSION

After being awarded European Capital of Culture 2008, the city has moved into the sights of travellers and tourists from around the world. The Cotswolds is renowned for its outstanding natural beauty, honey-coloured villages and secluded valleys. The picture-postcard countryside contains an abundance of ancient limestone villages, sleepy market towns, castles and churches. Popular with both the British themselves and international visitors from all over the world, the area is well known for gentle hillsides ('wolds'), outstanding countryside with river valleys, water meadows, beech woods and for being so 'typically English' where time has stood still for over 300 years.
