Jersey

Jersey is the largest and most southerly of the Channel Islands, located about 90 miles from the British coast and only 14 miles from the Normandy coast of France. The language is English, the currency is Sterling and everyone drives on the left. Jersey has a great deal to offer the holidaymaker with its contrasting coastline of rugged cliffs, hidden coves, fishing harbours and clear blue seas. Shopping is a pleasure in Jersey as there are still big savings to be made on lots of items. Steeped in history the Island has many well preserved prehistoric sites, ancient forts, Norman castles and everywhere reminders that the Channel Islands were the only part of the British Isles occupied during the war. In summer the capital St Helier is bursting with activity and continental atmosphere with street entertainers and musical entertainment in the many beautiful parks.
