Jersey *Europe without the Euro*

Jersey is the largest and most southerly of the Channel Islands, located about 90 miles from the British coast and only 14 miles from the Normandy coast of France. The language is English, the currency is Sterling and everyone drives on the left. Jersey has a great deal to offer the holidaymaker with its contrasting coastline of rugged cliffs, hidden coves, fishing harbours and clear blue seas. Steeped in history the Island has many well preserved prehistoric sites, ancient forts, Norman castles and everywhere reminders that the Channel Islands were the only part of the British Isles occupied during the war.

Guernsey enjoys a pace of life certainly more relaxed than mainland Britain, so take your time, wander the coastline or stroll the streets of the island's pretty capital, St Peter Port with its busy marina, restaurants, shops and harbour.
